<b>Subject Choice February</b>										
<b>N4/5 additional choice -1 period</b>										
<b>Alternative choice</b>										
<b>Reviewed August</b>										

Pupil Signature		Date	
Support for Pupils Signature		Date	

- The available course choices reflect a joint senior phase (S4-S6) which opens up wider opportunities for all pupils. This may result in S4, S5 and S6 pupils studying subjects together.
- Higher courses will be allocated 5 periods per week, whilst National 4/5 courses will be allocated 4 periods. Pupils opting for National 4/5 courses will select an additional option for each subject chosen at that level which will be allocated 1 period per week. Pupils taking courses marked ^ must select Supervised study for the additional period.
- Pupils choosing National 4-5 subjects are either a) currently working at Level 3 in S4, b) are working at Level 4 but don't think they will achieve this by end of S4 or c) want to consolidate learning at Level 4 in S5.
- In addition to the courses above, all pupils will undertake core **Religious Education** and core **Physical Education** courses. S5 pupils will also have a period of Personal and Social Education (PSE) and will participate in daily tutor group.
- Standard entry requirements usually include (as a minimum) an award at the level below in the same subject. Pupils should choose 5 subjects from their current 6/7 courses in S4 (excluding core PE and RE). Exceptions to this require Support for Pupils (Guidance) and Depute Headteacher approval.
- Please note that Perth College courses are subject to a successful application process.
- We make every effort to ensure that courses run successfully. However all courses require to be viable and so a small number may not be able to run due to low uptake, staff shortages or other reasons beyond our control. Equally, courses can be oversubscribed. When this happens we will 're-course' pupils aiming for the best possible solutions.
- \*\* Foundation Apprenticeships course available can be found below:
