

<b>Pupil Signature</b>		<b>Date</b>	
<b>Support for Pupils Signature</b>		<b>Date</b>	

- The available course choices reflect a joint senior phase (S4-S6) which opens up wider opportunities for all pupils. This may result in S4, S5 and S6 pupils studying subjects together.
- Higher courses will be allocated 5 periods per week, whilst National 4/5 courses will be allocated 4 periods. Pupils opting for National 4/5 courses will select an additional option for each subject chosen at that level which will be allocated 1 period per week. Pupils taking courses marked ^ must select Supervised study for the additional period.
- In addition to the courses above, all pupils will undertake core **Religious Education** and core **Physical Education** courses. S6 pupils will also have a period of Personal and Social Education (PSE) and participate in daily tutor group.
- S6 pupils will normally choose four subjects. An exception to this will apply where pupils are taking a combination of N4/5 and Highers, where the number of Higher subjects is less than three. Pupils taking at least one Advanced Higher will choose four subjects. Pupils choosing three Advanced Highers will not be required to choose any further subjects.
- Access to further courses provided in the other schools may be available. If you wish to pursue a particular course that is not displayed on the course choice sheet, you should ask your Guidance teacher for more information. Pupils and parents should consider the many benefits of undertaking a course in another school or at College during S6, and also consider the challenges this may present. It is highly recommended that pupils choose no more than 1 course based outside your own school, but this is subject to negotiation.
- Please note that all Perth College courses are subject to a successful application process. Courses marked “\*” such as Computing Modules at Advanced Higher level are delivered in a blended way – ie through the internet and face-to-face meetings. Other college courses are entirely on line (eg. Childcare). These courses are suitable for ‘self-starters’ and learners who are able and willing to motivate themselves. They should be chosen in discussion with Support for Pupils staff.
- We make every effort to ensure that courses run successfully. However all courses require to be viable and so a small number may not be able to run due to low uptake, staff shortages or other reasons beyond our control. Equally, courses can be oversubscribed. When this happens we will ‘re-course’ pupils aiming for the best possible solutions.
