Dear Parent/Carer

Become a contributor for our 'Careers and Skills Talk'

What is it like to work in the Police? Or in the world of Sport? Or to work as an Engineer? A Chef? or an Accountant? What skills do you need to be a Doctor? A Nurse? or a Nail Technician? What does a Plumber or do? Or how do set up your own business?

These are some of the questions our children need answers to.

One of the aims of 'The Developing Young Workforce Committee' is to help pupils learn about the wide variety of careers and job opportunities that will be available to them and the skills they need to do different jobs.

Careers talks at school, are an occasion for children in all years in Nursery and Primary to find out more about different Jobs and career paths. The sessions are designed to be relaxed and informal, with plenty of opportunity for children to ask questions. No preparation is required, just your time.

We are therefore asking for expressions of interest from parents/guardians who may wish to be part of a group or bank of individuals who we can call upon to share their career, work experience and expertise to children across the Nursery and Primary school. If you would like to get involved and could spare an hour of your time, please get in touch by replying to an expression of interest in the first instance.

I would be delighted to hear from you and will be in contact with you to see how you can help support us.

Yours sincerely

Mrs Rees and The Developing Young Workforce Team
